Bursar: Mrs E Hill

Administration: Mrs N Broadhurst

Friday 7th February 2020

Dear Parents and Carers,

It is with immense pride that we are able to share with you the report from our recent Ofsted Inspection. The Staff and Governors are delighted that Ofsted has rated Bosmere 'Good' in all areas. This result reflects the hard work, effort and commitment that our Bosmere community of teaching & support staff, parents, governors and, most importantly, our children have collectively shown since the last inspection to raise and improve the standard of education at Bosmere.

The new inspection framework places significant emphasis on the quality of education and learning and Inspectors spoke with school leaders, teachers, support staff, parents and over half of the children to test the quality of educational provision, there really is no place to hide. We would like to particularly recognise the children, who consistently shared their pride in being part of the Bosmere learning community and family, showing their determination to work hard and show their best. The Inspectors repeatedly shared the 'positive behaviour' and 'behaviour for learning' seen in our children. They are a credit to you as parents and our school.

For the staff, inspections are a time of stress and challenge and we also want to thank the entire team for rising to this challenge and demonstrating time after time to the inspectors what is great about Bosmere. We would especially like to thank those teachers who were involved in the 'deep dives', close analysis of Subject Leads and Subjects and areas such as our SEN provision, they really were 'deep' but, as one staff member said, it was a both insightful and developmental. Time and again the Inspectors noted the 'passion' of our Subject Leaders and their consistent strong leadership. As a Governing Body, we must thank Mrs Green for her passion and dedication to Bosmere, she has worked tirelessly for the last 2 years to achieve this result.

Finally, we would like thank the 90 plus parents who responded to Ofsted as quality feedback helps to validate the result. Both your opinion and your support not only help shape our school, but enables our strong partnership to continue in order for us, together, to achieve the best for your children.

Moving forward, the areas for focus advised by Ofsted, pleasingly, are already being worked upon as part of our current School Development Plan. Joining The Children's Endeavour Trust on the 1st May, we also believe will assist us to take our next step forward in ensuring that we deliver excellence through engaging and enjoyable learning.

Yours sincerely,

Mrs Green & Mr Hayes
(Headteacher and Chair of Governors)
